#### Protects everything from graffiti – for years!

Cleaning up your environment and then keeping it clean has never been so easy. Just one coat of **easy-on** will enable the swift removal of graffiti from anything it's applied to.

**easy-on** not only protects surfaces from graffiti but also from scuffing, traffic film, UV degradation, grime and stains. It is a permanent coating, proven to clean 100s of times without unsightly shadows or stains.

The clear, durable finish encapsulates the surface and its hard-wearing good looks last for up to 20 years. **easy-on** is ideal for all surfaces - internally or externally - and complies with all building regulations.

So if your walls are taking some stick, look for the easy-to-clean, permanent solution – **easy-on**.

## What our customers say

### Cleaner Streets

“For many years now we have applied **easy-on** to our subways and buildings and found it to perform fantastically in all locations. We have removed graffiti and fly posters repeatedly without leaving any shadow or stain and without compromising the coating. In fact the first site we treated still looks as clean today as it did the day we coated it despite being attacked and cleaned dozens of times.”

Sheffield City Council - Street Force

### Cleaner Buildings

“Despite our best efforts, keeping our blocks clean and free from graffiti was difficult. Since applying **easy-on** to our more difficult blocks, we have given our teams on site a sustainable surface to keep clean. Any marks are easily wiped off by our caretaking staff using safe cleaning products.”

Estates Services & Strategies Group,  
London Borough of Tower Hamlets

### Cleaner Schools

“**easy-on** has greatly reduced our cleaning workload. It now only takes one cleaner around half an hour to do cleaning that used to take three cleaners one and a half hours. Graffiti and scuffs that used to take hours to remove are now just wiped away in seconds. The entire school looks clean and areas that were decorated two years ago look as fresh today as they did then, so we're saving money on redecoration too.”

Hookergate School - Tyne and Wear

## Application is easy too

Brush...

Roller...

Spray

Applied by brush, roller or spray in a single coat, **easy-on** will form a seamless yet breathable topcoat over any existing paint finish or bare substrate.

### Surfaces

Painted or unpainted bricks, concrete, tiles, metals, stone, plaster, timber, walls, doors and ceilings.
