

If your walls take some stick...

...we've got the perfect solution

Introducing
easy-on[™]
PROTECTIVE COATING

The revolutionary solution
that can give your walls
up to 20 years protection.

Brought to you by Urban Hygiene

**A hard-wearing finish and a hygienic,
wipe-clean barrier for all interior and
exterior surfaces.**

Advances in coating technology have
resulted in the development of **easy-on**,
the one coat solution for all hygiene,
durability and graffiti problems.

easy-on is used by Local Authorities,
Schools, Utilities and Hospitals to protect
surfaces for twenty times longer than
ordinary paint. **easy-on** increases
sustainability and improves appearance.

The clear, durable finish encapsulates any
surface to allow easy cleaning, while its
non-stick good looks last for up to 20 years.
Applied in a single coat, **easy-on** dries to a
tough and durable finish in around 4 hours.

So if your walls are taking some stick, look
for the easy solution with the washable
finish – **easy-on**.

The benefits are clear

- ✓ Can be applied to any surface
- ✓ Resists scuffing, graffiti, UV, traffic film etc
- ✓ Incredibly tough, withstands knocks and bangs
- ✓ Makes cleaning easy

What our customers say

Cleaner Streets

“For many years now we have applied **easy-on** to our subways and buildings and found it to perform fantastically in all locations. We have removed graffiti and fly posters repeatedly without leaving any shadow or stain and without compromising the coating. In fact the first site we treated still looks as clean today as it did the day we coated it despite being attacked and cleaned dozens of times.”

Sheffield City Council - Street Force

Cleaner Buildings

“Despite our best efforts, keeping our blocks clean and free from graffiti was difficult. Since applying **easy-on** to our more difficult blocks, we have given our teams on site a sustainable surface to keep clean. Any marks are easily wiped off by our caretaking staff using safe cleaning products.”

Estates Services & Strategies Group, London Borough of Tower Hamlets

Cleaner Schools

“**easy-on** has greatly reduced our cleaning workload. It now only takes one cleaner around half an hour to do cleaning that used to take three cleaners one and a half hours. Graffiti and scuffs that used to take hours to remove are now just wiped away in seconds. The entire school looks clean and areas that were decorated two years ago look as fresh today as they did then, so we're saving money on redecoration too.”

Hookergate School - Tyne and Wear

Application is easy too

Brush...

Roller...

Spray

Applied by brush, roller or spray in a single coat, **easy-on** will form a seamless yet breathable topcoat over any existing paint finish or bare substrate.

Surfaces

Painted or unpainted bricks, concrete, tiles, metals, stone, plaster, timber, walls, doors and ceilings.
