

Data Sheet: Shadow Remover

Physical data

Shadow Remover is available in the following container size: 4x5 Litre 25 Litre

Type of container	Net Weight (KG)	Gross Weight (KG)	Size (mm) (H x W x D)
5L Plastic	5.92	6.17	255 x 190 x 140
25L Plastic	29.92	30.72	420 x 290 x 260

Description

Shadow Remover and Paint Stripper.

Shadow Remover is a powerful caustic for the removal of the shadows left on after graffiti removal. Its formulation enables Shadow Remover to cling to vertical surfaces.

Shadow Remover can also be used as a paint stripper.

Specification

Appearance: Liquid
Odour: Mild
Specific Gravity: 1.18
pH: 14

Hazard Identification

Risk & Safety: Corrosive
Hazard Symbols: C

Benefits of using Shadow Remover

- Removes graffiti shadows
- Formulation for use on vertical surfaces
- Formulation - therefore no splashing
- Can be used as a paint stripper
- Removal of Graffiti Shadows
- Paint Stripper
- Removal of Carbon Pollution

Application of Shadow Remover

Caution: Do not apply to paint, zinc (galvanising), aluminium or glass as it will damage these substrates

Method: Apply with brick cleaning brush or alkali resistant brush and work well into the surface. Keep agitating with a brush and keep wet by applying more product if necessary. Do not allow to dry.

Rinsing: Good rinsing is essential. Preferably use a high pressure, low volume water pump at 6.9MPa at 18 to 25 litres per minute. 69 BAR at 18 to 25 litres per minute, 1000 PSI: at 4 to 5 imperial gallons per minute. Use a 15 to 45° fan tip. Water at up to 70°C may improve cleaning but is not essential. If high pressure water is not available use low pressure and scrub whilst hosing.

Areas of Use:

- Graffiti Shadow Removal on all masonry surfaces.

First-aid Measures

- Inhalation:** Move the exposed person to fresh air. Rinse nose and mouth with water.
- Eyes:** Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes.
- Skin:** Wash the skin immediately with soap and water.
- Ingestion:** Rinse mouth thoroughly. Drink plenty of water.
